BOOKS with Chris Jull

Some years ago , I used one of the shelf ends to say 'Pike, Flowers, and the boys'. The librarian did not like it, but there was no arguing with circulation. I could barely keep the shelf filled.

Joe Pike is a Robert Crais character, and, of course Vigil Flowers is a John Sandford guy.

Flowers used to go fishing, and when his boss called, he hoped no sound would give away his location. He is a changed man. He lives with a woman and kid on a farm. He writes mystery novels with some success. Still a cop too.

Flower does not appear in Sandford's latest novel *Toxic Prey*. He is mentioned by friends and those who have worked with him. I hope we see a Flower novel soon.

Endnote: James Burke has written a series of eight stories *Harbor Lights*. Hard to tell people from ghosts, but readable all the same.
