BOOKS with Chris Jull

Two recent books have touched on the neo-Soviet invasion of Ukraine.

Martin Cruz Smith's *Independance Square* finds Smith's regular character Arkady Renko in Ukraine helping a friend. They work hard to stay out of the line of fire.

Brad Thor's *Dead Fall* puts Scott Horvath right in the firing. He, and a small team, move against a murderous, unregular Russian group. Adventure happens! In the meantime, the computer genius Nicholas, is assisting Ukraine intelligence in misleading the Russians.

I imagine that there will be more fiction touching on the invasion of Ukraine in the near future... stay tuned.
